A 3D Cube

Shapes with height, width and depth are called 3D or Three Dimensions figure e.g. real life objects.

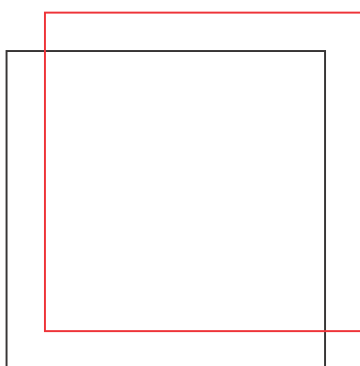

Draw a 3D cube then color it.

1

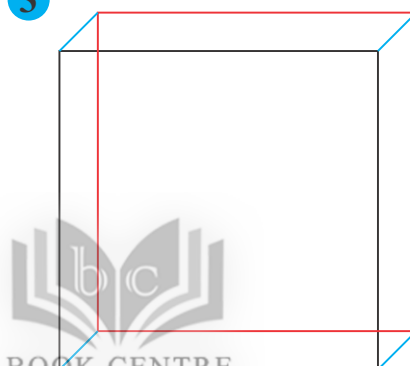

Draw a square.

2

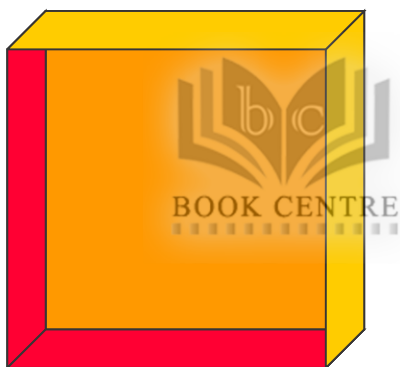

Draw another square of the same size.

3

Now join their corners.

4

Colour it.

Always use a light shade of colour on the outer side and a darker shade on the inner side. It will demonstrate depth in the object.

Now you can make your own 3D cube

Note: While drawing a 3D cube we have used different colours for different steps. You can use any colour you want. Prefer black lead pencil No. HB.

A Button Collage

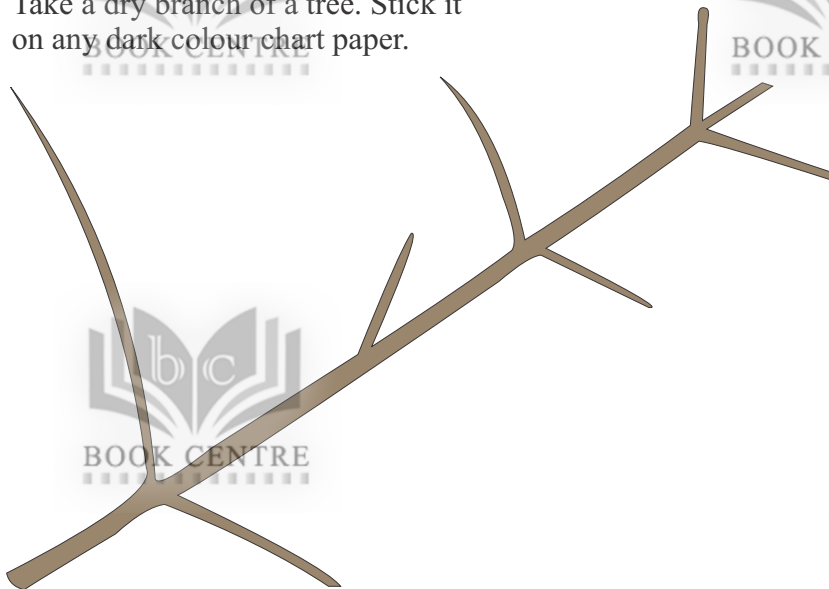

Pasting

Things you need:

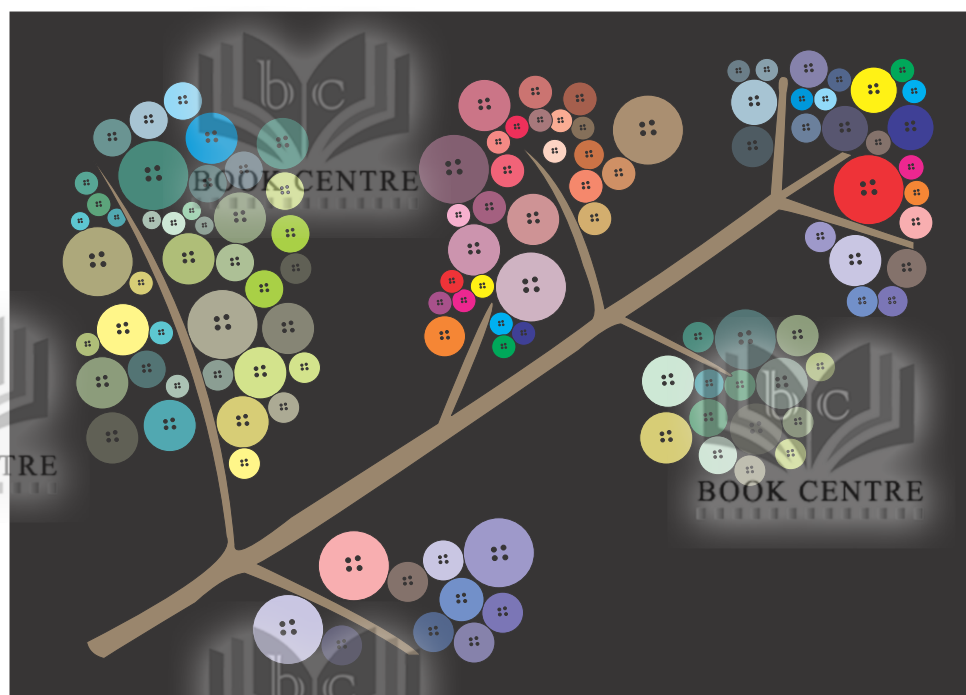

1

Take a dry branch of a tree. Stick it on any dark colour chart paper.

2

Stick some assorted buttons as shown here.

Your Collage painting is ready.

A Lily Flower

Cutting and Paper Folding

Things you need:

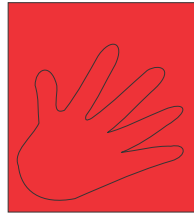

1

Take a piece of paper.

2

Trace a child's hand on it.
Cut out the outline.

3

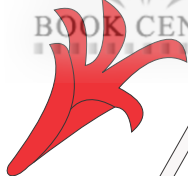

It will look like this.

4

Trim each finger and make
all fingers pointed.

5

Using the palm of the hand print,
form a cone. Take a straw for
the stem.

6

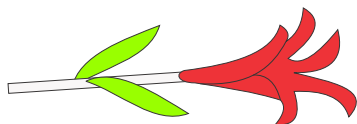

Tape or glue the flower to the
drinking straw.

7

Draw some leaves on green
glazed paper, then cut them out.

8

Tape the leaves to the straw.

Make a few of these flowers
for a beautiful bouquet.

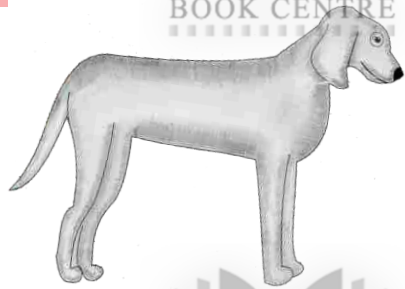

Drawing a Dog

Drawing

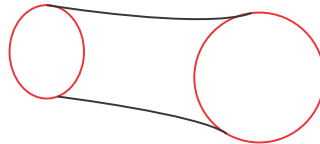

Things you need:

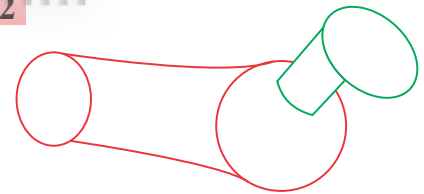

1

Look at your object closely. Draw the prominent shapes which you can see. There are two circles. Join them.

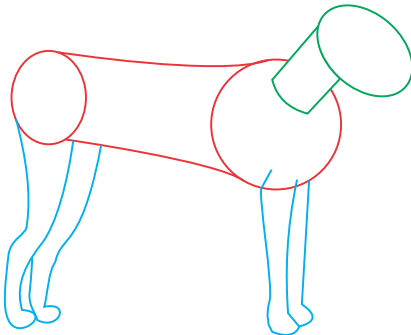

2

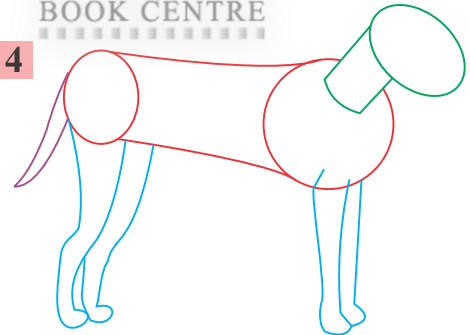

Make a smaller oval for its head and join it to the body of the dog.

3

Now draw its limbs.

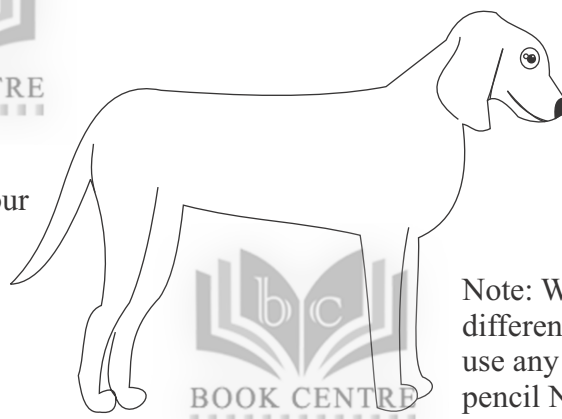

4

After drawing its tail join all parts together and give the final look.

5

Erase extra lines and your drawing is ready.

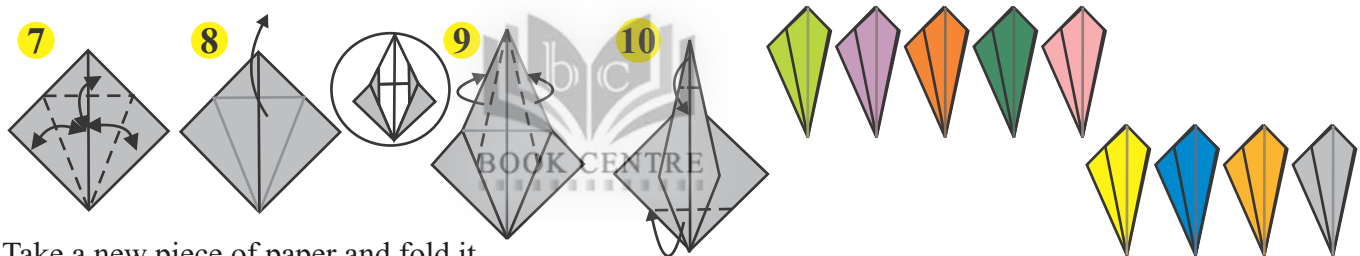

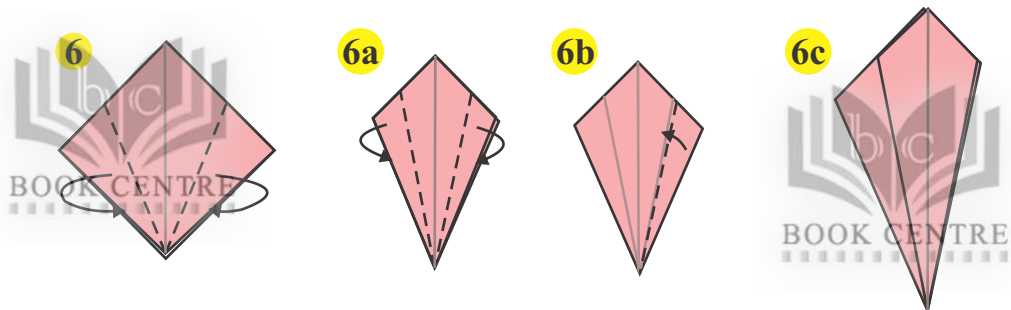

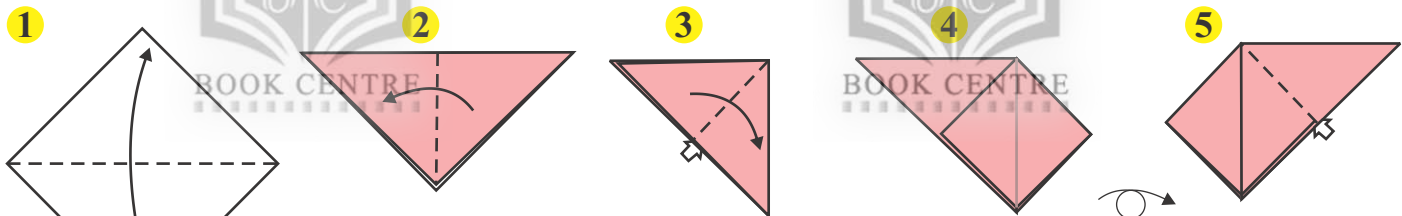

Note: While drawing a dog we have used different colours for different steps. You can use any colour you want. Prefer black lead pencil No. HB.

A Paper Peacock

Paper Folding and Pasting

Things you need:

Take a new piece of paper and fold it up to step No. 6.
